

How to Make a Ribbon Pom Mobile

Create a fanciful mobile for your next party, picnic or room décor. Just change out your ribbon and pom colors to match your theme or holiday!

Step-by-Step Instructions

- STEP 1** Cut all streamer ribbon into 36" pieces (note hanger and interior ribbon included in materials list)
- STEP 2** Tie each streamer onto the wooden hoop in a double knot until you have filled the hoop.
- STEP 3** Make poms using your favorite method. Tip: the key to a great pom is a tight center. If using yarn that contains wool, you may want to add a piece of acrylic yarn to tie knot since wool may break.
- STEP 4** Secure poms, knots, and ties with glue gun
- STEP 5** Glue the interior ribbon piece (one end cut on the diagonal) inside the hoop to cover and secure knots.
- STEP 6** Cut 2 hanger pieces 1 ¼ yds long and tie each end equal distance onto hoop and double knot. Tie the last ½ yd of hanger ribbon to the center where the 2 ribbons meet to tie up.

YOU WILL NEED

- Offray Grosgrain, various widths & colors
- Offray Double Face Satin, various widths & colors
- Offray Single Face Satin, various widths & colors
- Pom and tassel maker
- Wooden embroidery or quilt hoop 18"
- Yarn, assorted colors to match
- Measuring tape
- Scissors
- Hot Glue Gun
