

The World's Most Beautiful Ribbons™

# How to Make a Cotton Wreath

Neutrals and white with a pop of greenery are the perfect way to add a rustic element to your indoor decorations. This lovely cotton wreath showcases this trend and is so easy to make!

## Step-by-Step Instructions

**STEP 1** Arrange the greenery along one side of the wreath and secure it to the wreath with wire.

**STEP 2** Arrange the cotton stems on the wreath, leaving space for the bow, and secure with wire.

**STEP 3** Use the ribbon to make a large 5 or 6 loop bow and wrap with wire. Secure the bow to the wreath. Trim the ribbon tails and shape the bow.
