# How to Make a Day of the Dead Headband

Create this colorful Day of the Dead headband to complete your costume. It's a great accessory for sugar skull makeup and a black dress!

## Step-by-Step Instructions

- STEP 1** Cut five leaves from the flowers and glue them along the top center of the headband.
- STEP 2** Cut the flowers off their stems. Glue the larger flowers to both sides of the headband.
- STEP 3** Cut an 8 inch piece of tulle. Gather the tulle at one end. Wrap the end with a piece of red ribbon and glue. Glue this to the back of the leaves.
- STEP 4** Glue the velvet flowers along the top of the headband, in front of the leaves.
- STEP 5** Cut two pieces of each color ribbon to 26 inches long. Join one set together, line up the ends and tie a knot in the center of the ribbons. Glue the knot under the bottom flower on the headband. Repeat with the remaining ribbons on the other side.

### YOU WILL NEED
