# How to Make a Flower Fascinator

This Flower Fascinator is so simple to make - no bow-tying skills required!

## Step-by-Step Instructions

### YOU WILL NEED

- Offray Simply Sheer Asiana Ribbon, 1-1/2 Inch Wide, Champagne
- Blumenthal Crystal Burst Button
- Silk Flower
- Needle and Coordinating Thread
- Coordinating Felt Square
- Headband
- Ruler or Measuring Tape
- Scissors
- Hot Glue Gun and Glue

- ////////////////////
- STEP 1** Remove the stem and stamen from the flower. Use the thread and needle to sew the Crystal Burst button to the center of the flower.
  - STEP 2** Measure the diameter of the flower. Add 2 inches to that measurement and multiply by 7. Cut a piece of ribbon to this length. Fold the ribbon back and forth on itself to create 6 loops. The length of each will be the diameter of the flower plus the 2 inches and you will have 7 sections. Stitch across the center of the ribbon lengths using the thread and needle. Be careful to make only a few stitches in the center, staying away from the edges.
  - STEP 3** Trim notches from the edges to the center seam as shown.
  - STEP 4** Pull apart the loops and twist to create a full bow. Stitch the loops in place.
  - STEP 5** Using the hot glue gun, attach the flower to the bow. Glue onto the headband. Cut a piece of felt slightly smaller than the flower. Glue it to the back of the flower with the headband between the felt and the flower.
