- STEP 1** Cut ribbon into eleven 2-1/2 inch pieces. Cut one 5 inch piece.
 - STEP 2** Fold a piece of 2-1/2 inch ribbon in half and pinch the ends together. Secure with a piece of wire. Repeat 9 times. Save the last piece for the bow.
 - STEP 3** To make the bow, take the 5 inch piece of ribbon and fold each end over to the center and glue. Using the last piece of 2-1/2 inch ribbon, fold each side over slightly and wrap around center of bow. Glue and trim.
