## Step-by-Step Instructions

- STEP 1** Cut the ribbons and trim 28" long. Open links of chain at 12 lengths. Separate lengths and reconnect the open links. Tape ends of cording to prevent unraveling.
- STEP 2** Fold ribbon and trim pieces in half and place loop under cording. Pull tails up through the ribbon loop and pull down tightly to secure. Continue in a random fashion or pattern of your choice. Slip chain onto cording through the end link every several inches.
- STEP 3** Trim ends as needed. Tie each end of the cording in a knot to prevent unraveling and trim off tape.
