

Offray®

The World's Most Beautiful Ribbons™

How to Make a Santa Bow

YOU WILL NEED

- Offray Double Face Satin Ribbon, 1-1/5 Inch Wide, Red, 32 Inches
- Glitter Paper, Black and Gold
- Faux Fur, White, Approximately 5 Inches by 5 Inches
- Ruler or Measuring Tape
- Scissors
- Glue

These cute Santa Bows are the perfect way to finish off your holiday gift wrapping. Pair them with brown or white kraft paper or a simple red and white printed gift wrap. This project makes 2 bows, so adjust the materials if you need to make more.

Step-by-Step Instructions

- STEP 1** Take an 8 inch by 8 inch piece of black glitter paper and fold it in half, glitter side in. Draw 2 boots on the paper, making sure the tops of the boots are at the fold line. Cut out the boots, leaving the fold intact. Cut the paper boots at the fold line so you have 4 boots.
- STEP 2** Cut 4 pieces of fur, each 1-1/2 inch by 1-1/4 inch.
- STEP 3** Cut 2 pieces of black glitter paper, each 1 inch by 1-1/8 inch.
- STEP 4** Cut 2 pieces of gold glitter paper, each 1-1/2 inch by 1-5/8 inch.
- STEP 5** Cut the red ribbon in half (into two 16 inch pieces) and make two 7 inch wide bows with 5 inch tails.
- STEP 6** Glue the white fur onto the top of each boot. Glue the boots onto the bottom of the ribbon ends.
- STEP 7** Glue the black glitter pieces onto the center of the gold glitter pieces to complete the buckles. Glue the belt buckles onto the center of the bows.
