

Offray®

The World's Most Beautiful Ribbons™

Wedding Vase Table Marker

YOU WILL NEED

- Offray Jute Cord, Natural
- Offray Gazette Ribbon, Raw Silk
- Offray Quasar Ribbon, Silver
- Beads
- Deco Ice Round Stick Pin
- Gems
- Fabric Butterfly Cut Out
- Jar
- Fabric Glue
- Cardstock, Cream
- Computer Generated Font

Make your own table markers for your wedding day or another special event. This DIY table marker features a pretty butterfly theme that is perfect for a spring or summer wedding.

Step-by-Step Instructions

- STEP 1** Measure the distance around the top of your jar. Cut and remove the wire from the Natural Jute Cord.
- STEP 2** Apply a little bit of glue on each end of the Jute Cord to prevent fraying.
- STEP 3** Glue cord around top of the jar. Glue on gem to cover seam.
- STEP 4** Thread two beads onto a length of Quasar ribbon. Tie ribbon around neck of the jar with a knot. Trim and knot ends of Quasar ribbon to hold the beads in place. A little bit of glue on the ends of each knot will add extra security.
- STEP 5** Tie Gazette Ribbon around the center of the vase with a knot. Add a small amount of glue underneath the knot to hold the ribbon in place.
- STEP 6** Glue small gem onto knot.
- STEP 7** Print a computer generated table number or greeting onto cream card-stock.
- STEP 8** Trim and cut card stock. Cut the end with a “v” to create the banner. Leave enough card-stock on the left side of the banner so that it can be folded around the Deco Ice stick pin.
- STEP 9** Attach banner around the Deco Ice stick pin and insert into the Gazette Ribbon knot.
- STEP 10** Fill vase with flowers and add the butterfly.
